SE Minnesota GIS Users Group Meeting

April 26th, 2012

Location: Goodhue County Government Center – IT Conference Room
509 West 5th Street, Red Wing, MN 55066 – Lower level

Agenda:

9:30am-10am – Networking

10:00am-11:30am – Leveraging ArcGIS Online – ESRI

ArcGIS Online is a quickly-evolving set of cloud-based capabilities that allow an organization to multiply the value it receives from its investment in GIS. This session will expose you to the current breadth and depth of ArcGIS Online.

You will learn how ArcGIS Online can enable your organization to literally provide access to any map, anywhere, across any platform (desktop/web/mobile) for viewing and editing purposes. We will also showcase how ArcGIS Online fits into the entire ArcGIS System, and how it integrates with ArcGIS for Desktop and ArcGIS for Server.

11:30am-12noon – General Discussion

- Update from the Statewide Geospatial Council
- Update from the Minnesota GIS/LIS Consortium
- Update about the GoSoutheastMN application
- County data sharing

For questions about the meeting, please contact Sarah Schrader at 651-385-3193 or sarah.schrader@co.goodhue.mn.us
