- **Using Story Maps to Ignite Spatial Thinking in Local Government – Hannah Hutchins and Teresa Blader, Olmsted County GIS**  
*With the purchase of an Esri Small Government Enterprise License Agreement, Olmsted County GIS Division has been working on GIS awareness and integration across all County departments. A large part of this endeavor has been using Esri Story Maps to create educational and training materials for employees to have at their fingertips; igniting spatial thinking across the County. The GIS Division hopes that getting GIS into the hands of all County departments will aid in meeting department-specific needs and help reach department-specific goals. This presentation will walk-through two Story Maps; one designed for introduction and overall education on GIS, while the other is designated as a guide for County employees as they embark on their GIS journey!*

**10:30 – 10:45 Break**

**10:45 – 11:45: Presentation**

- **Modern Enterprise GIS for Planning – Nick Meyers and Gustavo Castro, ESRI**  
*How GIS has evolved with the Modern Enterprise GIS, use of Business Analyst Online, Engagement & Collaboration Solutions and finishing up with how configurable solutions can be used to enhance code enforcement and permit workflows.*

**11:45 – 12:00 – State Update/Closing**

**12:15 Optional Lunch**

*Whistle Binkies Olde World Pub – 3120 Wellner DR NE, Rochester MN 55906*
