

STATEWIDE UPDATES

SE MN GIS Users Group Fall Meeting

March 7, 2024

MN GIS/LIS Consortium

- Fall Conference Logo Voting/Salary Survey
- Call for Spring Workshop Instructors.
- Check out MN GeoPEPS (Portal for Emerging Professionals and Students) Hub site for important GIS resources.
- Join a committee! Visit the Consortium website Committees page for more information.

MN Geospatial Advisory Council

- GAC 2024 priorities will be finalized at upcoming March 20 meeting.
- GAC 3DGeo is building MnTOPO 2 to share MN lidar data and derivatives.
- MnGeo planning to share statewide data with Esri.
- MnGeo's PLSS [Preservation Grant application page](#).
- Updating Geospatial Commons with MNIT funding.

MCGISA

- County Sign Inventory Software: Approximately 50 in a Teams Meeting discussing interest in a standardized county sign inventory software. We hope to have this completed and available soon. Our plan is to post in on the www.MCGISA.org hub.
- Other than those 2 items, we have been involved in other efforts such as data standards, NG911 and GAC.
- Contact District 9 MCGISA Rep. Alan Laumeyer with any questions.
